

The Ursuline School Scholarship Stewardship Program

November 20, 2023

Dear Michael,

November is a special month for expressing gratitude! On behalf of everyone at The Ursuline School, we offer heartfelt thanks for your generous support for scholarships. The many talented recipients of special privately named scholarships gathered last week at our annual stewardship letter writing sessions to share the impact that your support has had on them. The girls truly enjoy filling you in on their lives at Ursuline and conveying their appreciation. Also enclosed is your annual Scholarship Financial Report. Should you have any questions, please don't hesitate to contact us at either cathfmcc@ursulinenewrochelle.org or fitzpatn@ursulinenewrochelle.org

Many thanks again for providing Ursuline the opportunity to help us live out our mission of educating, inspiring and empowering young women to learn, to lead and to serve.

May every blessing be yours this Christmas season and in 2024!

With gratitude,

Catherine Fay McCarthy '84 P'14

The Ursuline School
Scholarship Stewardship Program

Dear Mr. Santangelo and Board Members,

My name is Geraldine Wiafe and I am currently a 9th grade student at The Ursuline School, thanks in part to your generosity! I am honored to be the recipient of the Michael G. Santangelo, Jr. Scholarship.

This Scholarship is so important to me because it has given me the opportunity to go to a school I never imagined I could go to. When I received the acceptance letter and Scholarship offer, my family and I were overjoyed! I had tears in my eyes because I couldn't believe it! I thank God for making this happen. On the first day of school, I was a little nervous about going to a new school, but after the first few weeks

The Ursuline School
Scholarship Stewardship Program

I got used to my new environment. I feel welcomed in this school, and I can't wait to experience the journey that awaits me.

Because of the opportunity to attend The Ursuline School, I have continued to grow my passion for Science, specifically Biology. I have found an interest in biology labs because I get to explore new cool experiments all the time. The different^{labs} I have experienced have made my love for Science stronger. When I grow up, I want to become a doctor and I know with God all things are possible.

Since it is my first year at Ursuline, I am trying my best to adjust well into the school. I am also starting to join a few clubs! Currently, I am interested

The Ursuline School
Scholarship Stewardship Program

in Model UN, Science Olympiad, Medical Club,
Student Council, Black Essence, and more.

Thank you again for your generosity and
the opportunity to attend such an amazing school.
I hope you have a wonderful holiday season, I
look forward to seeing and speaking with you
again in December!

Best Regards,
Geraldine Wiafe
